COOL KIDS MENU

PRESS RELEASE - FOR IMMEDIATE RELEASE

Berlin Indie Festival Cool Kids Menu Returns for Third Edition on July 18th, 2026

The non-profit independent music festival Cool Kids Menu returns for its third edition on July 18th, 2026 at Greifswalder DIY, Berlin.

Founded as a community-driven platform for emerging artists, Cool Kids Menu has quickly established itself within Berlin's independent music scene by bringing together live music, DIY culture, art, and grassroots collaboration in an inclusive and accessible environment.

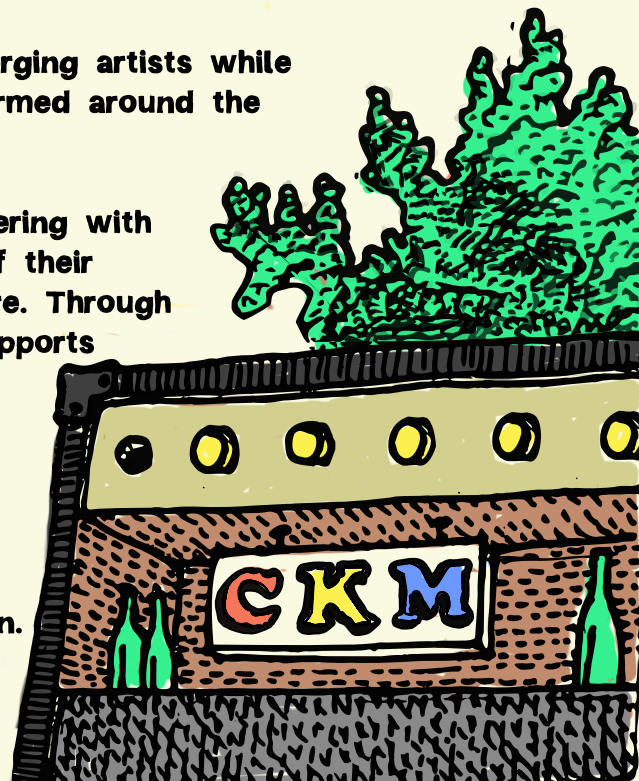

The headliners announced for this year's edition include internationally touring indie-rock band Agatha is Dead!, Berlin-based nu-punk group pinkpool, and synth-pop/post-punk artist Carlo Karacho. Additional artists include: Crystal Glass, LUNYA, Blake Harley, Zur Brache, Mr. Strong, Yetzt, VENN, Where's Frankie?, Vasylysa, and Wizzy Crumbs.

Since launching in 2024, the festival has become known for spotlighting up-and-coming musicians from Berlin and beyond, while maintaining a strong focus on inclusivity, community, and independent culture. Entirely self-funded and volunteer-run, Cool Kids Menu works closely with the collective space Greifswalder DIY to create a safe and welcoming atmosphere for artists and audiences alike. Alongside live performances, the festival incorporates community-focused elements including art spaces, skate activities, awareness structures, and collaborative creative projects. More than 500 guests attended the festival's second edition in 2025, reflecting the growing interest in independent, community-led cultural spaces in Berlin.

Cool Kids Menu aims to continue supporting emerging artists while strengthening the creative networks that have formed around the festival over the past years.

For this year's edition, Cool Kids Menu are partnering with Marshall, who will support the festival as part of their ongoing commitment to independent music culture. Through their Keep Live Music Alive initiative, Marshall supports independent venues, artists, and the local live music scene, helping to preserve the cultural structures on which Cool Kids Menu and Berlin's indie scene are built.

All profits from the festival will be donated to Save the Children and the Greifswalder DIY Verein.
